luce diffusa

Thanks to LED technology, the Minipipistrello is now available in a portable, dimmable, cordless version with rechargeable battery and touch sensor. Minipipistrello is ready to go anywhere you want, for a romantic dinner, a date on the terrace, as an ideal companion for limitless living. Cordless system, rechargeable (battery charger and battery included) by Micro-USB / Type-C, charge duration: 6 hours. Also rechargeable with power-compatible banks. Diffused-light lamp. Telescope in stainless steel. White opal methacrylate diffuser. Base and knob in aluminum lacquered in the new agave green /VE color; also available in the series-production colors dark brown /MA and white /BI. LED light source integrated.
