

Dot

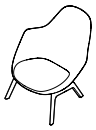
Designer: Patrick Norguet
Year: 2015

Dot armchair embraces the symbolic values of the ideal home and turns them into soft curves, embracing geometries, tactile feelings and simple lines. Its project is characterized by a unique and continuous shape, with a curved backrest which gently becomes a structural element, while the padding gives stability and comfort to the seat, raised by a contrasting basement shape.

Developed by Tacchini in Italy

Dimensions (cm)

Cod. ODOT87



W 87 D 81 H 92 cm
H seat 42 cm

Non-removable covers

Designed by Patrick Norguet, 1956 (developed by Tacchini, 2014)

Patrick Norguet

Patrick Norguet is a key figure in French design today, and was elected “furniture designer of the year” by Wallpaper magazine in 2009. He began his career as a project designer in the late nineties, working with numerous big names in the furniture design world, in addition to completing a number of interior and set design projects. He has always sought to select the right shapes and colours, exuding a love of innovative industrial processes, artisanal ateliers and the people working there.
