QuadroDesign

Environmentally conscious water solutions by design. Since 2001.

HB

EN HB traces back the memory of a pencil stroke on a sheet of paper, where every project is born. The pencil is the extension of the hand, like the tap is for water. Both are the bearers of something somehow ancestral, something that defines the human being and his connection with the world. The sophisticated outlines of the series renew this connection and take it back to the most precious and elegant room in the house.

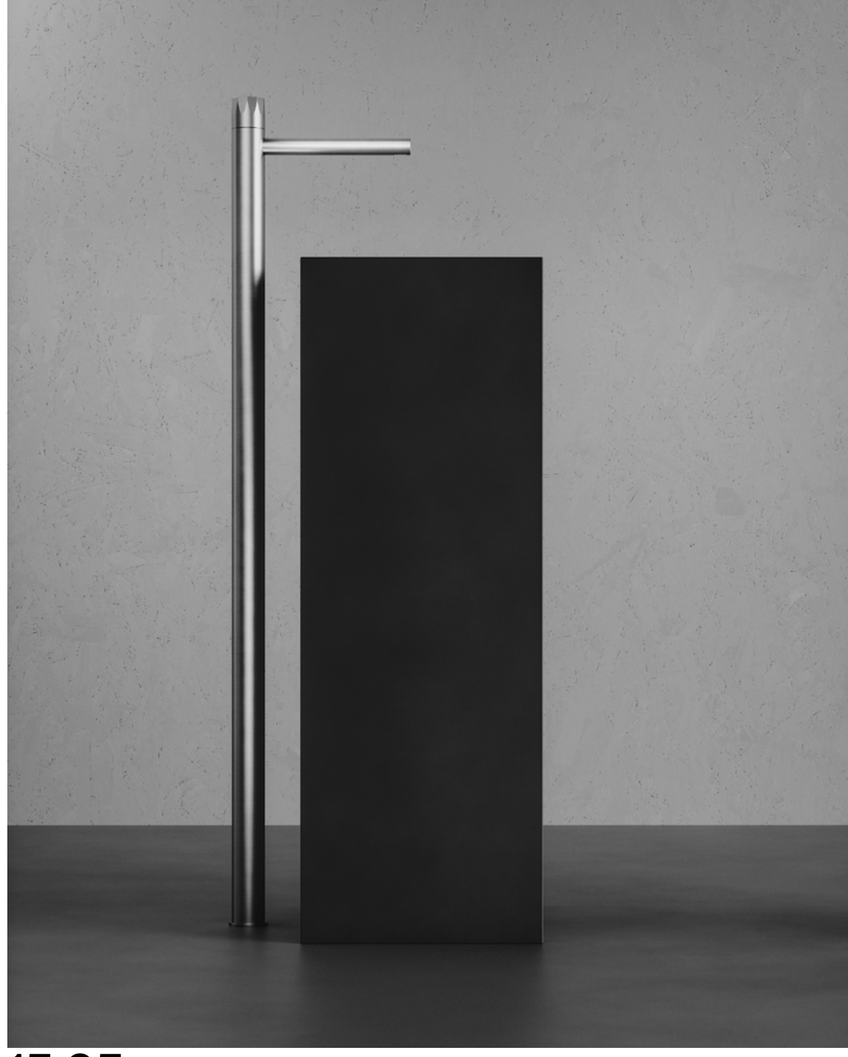

IT HB riporta alla memoria la traccia della matita sul foglio, luogo di nascita di ogni progetto. La matita è il prolungamento della mano, come il miscelatore è quello dell'acqua. Entrambi sono portatori di qualcosa di ancestrale, che da sempre definisce l'uomo e il suo rapporto col mondo. L'elegante profilo di HB riprende questo legame e lo porta nella stanza più preziosa ed elegante della casa.
