CH24 CHILDREN'S WISHBONE CHAIR

In celebration of Hans J. Wegner's 110th birthday, the iconic 1949 Wishbone Chair has been reimagined for children.

The CH24 Children's Wishbone Chair consists of 14 solid oak components designed in collaboration with Wegner Design Studio and crafted by skilled craftsmen at Carl Hansen & Søn. Taking over 100 steps to hand-finish and assemble, it features Wegner's signature handwoven paper cord seat in an envelope pattern that takes a skilled craftsman one hour to achieve. The result is equally as timeless as elegant and a beautiful addition to a bedroom or playroom, suitable for age 3+.
